BENEFIT LUNCHEON

Help kids write their stories...

Thanks to all who attended and supported KidVantage's Thrive Benefit Luncheon on November 4, 2022! This was the first in-person luncheon since the beginning of the pandemic— and it did not disappoint!

We are pleased to announce that with a combination of sponsorship, our Giving to Grow Donor Circle, and donations, we raised \$391,000 for kids! This record-breaking amount happened because of YOU— our valued community of like-minded child advocates.

The Thrive program was special, particularly with Angela Poe Russell (Host/Reporter KING-TV) as our Emcee who interviewed our Featured Speaker, Christine Day (Upper Skagit) Native youth author.

"You can't write a book for kids that does not have hope in it" shared Christine. We completely agree that kids thrive when they are freed up to write their own stories, fueled by hope and love from all around them.

At the end of the luncheon, we made a surprise name change announcement— EBC is now KidVantage! As KidVantage, we will keep doing the same good work, but more of it. Our new name better reflects our current organization and future growth serving kids birth to age 12 across five counties.

See highlights from our program at our event website! www.KidVantageNW.org/thrive

Thrive By The Numbers

\$391,000 raised

500 Guests attended

65 Table Captains

10 Sponsors

3 Partner Provider testimonies

2 Yummy desserts

1 Inspiring Featured Speaker

Your involvement makes our mission happen by ensuring kids have what they need to grow, play, learn— and thrive!

At KidVantage, we imagine a world where all children are healthy, safe, and prepared to build their own futures. Our mission is to help kids reach their full potential tomorrow by meeting basic needs today. We do this by providing essential care, safety, and health goods for children (birth through age 12) who are low-income or experiencing homelessness or family disruption. Last year, KidVantage (formerly EBC) distributed 160,000+ orders of items for kids across five counties.
